Palm Desert, Palm Springs,
Rancho Mirage and Thousand Palms

Our children need our help and you can make a difference!

■ We have an excellent infrastructure in the Palm Springs Unified School District's Governing Board, Administration and Teachers.

However, our schools face significant challenges.

During these tough economic times, our schools are receiving catastrophically inadequate funding. Programs that are critical to a good education are being cut.

We need to ensure that our students have the technological skills and the analytic and creative capacity to succeed in the 21st century.

*The artists and innovators
of tomorrow are being
educated today!*

Our Mission:

To engage our diverse communities
to ensure all students have the resources
to reach their full potential.

Our Thanks!

- We wish to thank our generous donors and the entire school district community for their support of The Pinnacle Fund and its focus: **Putting Arts and Technology Back in the Classroom.**

Together we have accomplished a lot. But there is much more that needs to be done!

For the sake of our local economy and the future of the District's students, we need to establish significant, ongoing sources of funding so that education in the arts and technology is never at risk.

We must shape our future now!

We can work together to create a visionary partnership between our communities and our schools through The Pinnacle Fund.
